The “curve” will be at least as generous as the “standard” scale [i.e., 90% (= 405 pts) will guarantee an **A**, etc.].

Homework will normally be due on Wednesdays until the March 25 Reading Day, on Fridays thereafter. Immediately after a test the homework due date will be postponed by one class period (i.e., to Friday, March 4 and Monday, April 18). Reviews are due two class periods after the homework is collected. The last homework will be an optional assignment for extra credit, due in my office or mailbox before noon on Friday, May 6.

Dates of hour tests: Friday, Feb. 25; Monday, Apr. 11

Final exam on Wednesday, May 11, 10:30 a.m. – 12:30.

The class will meet in a computer lab, Blocker 125, on the first 3 Fridays (Jan. 21, Jan. 28, Feb. 4).
